Scary, Sam thought. She immediately flipped to the next canvas. She nearly jumped out of her skin as a red-faced demon glared back at her. With wide eyes and mouth agape it seemed to be lunging at her. He had horns that were twisted so the points were prevalent and seemed to draw your attention to the fact that this creature could gouge you to death. Quickly moving on, the next painting was a single iridescent moon in the middle of a solid black canvas. The moon appeared to be oozing into the background. That was enough! Sam shoved the paintings back against the wall and looked at the portrait of the little girl again. What the Hell happened to her that she could move from painting the innocence of a child to pure evil? she muttered. What went through my sister s mind? I just don t understand what drove her into this madness.
