*This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.*

In today s ultra-competitive world, getting superior results at the fastest rate possible is critical to success. But the speed of life can sidetrack us, cloud our sense of priority, and make us less effective. Strategic Acceleration presents a methodology that will help you get clear, focused, and efficient. It will bring you the results and success you want faster. Tony Jeary s Strategic Acceleration method resulted from his study of the distinctions that characterize top-performing high-achievers and organizations. From his study, Tony discovered and proved that the foundational characteristic of great performers was their ability to communicate their vision clearly and to translate their vision into action. Tony labels this distinction Communication Mastery, and it is the basis for his Strategic Acceleration Process. Whether you are a manager, an executive, an entrepreneur, a business developer, a sales team member, a management group, an organization, or anything in between, Strategic Acceleration is guaranteed to help you achieve what you want, when you want it. The Strategic Acceleration approach is based on three pivotal concepts: Clarity Focus Execution. Strategic Acceleration will help you develop a clear vision, outline priorities and objectives, and tackle goals with a true sense of urgency and focus. Once understood and deployed, Strategic Acceleration is sure to have a powerful, long-term, positive influence on the results and success that so many want yet rarely know how to achieve.
