Excerpt: .the Duke of York Group and New Ireland is covered with trees, which, from the number and size of the barnacles adhering to them, and the quantities of erustacea and fishes in and about them, must have been a long time in the water. The current changes during the south-east monsoon, setting north-west in that season. The life and manners of the aborigines may be best described by individualizing a type, who shall, for our present purpose, be known as To Ling, or its feminine equivalent, Ve Lz ug--words in the New Britain dialect signifying such-a-one. For the land of To Lz ng s birth, then, there is no native name. Both on New Britain.and New Ireland the land is divided into districts, which often receive their names from a river or mountain. New Ireland is called Tombara on the charts, and navigators no...
