This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

To answer our two research objectives, we conducted a national survey of physicians who serve children. We surveyed a nationally representative sample of physicians from each of three groups - specialty care physicians, primary care physicians in urban areas, and primary care physicians in rural areas - all of whom were practicing physicians in the United States who were office-or hospital-based and age 65 or younger, provided direct patient care to children (age 0-18), and were not federal 2 Physicians who practice in certain settings, such as Federally Qualified Health Centers, may be required to serve uninsured patients and patients covered under Medicaid and CHIP. In addition, physicians practicing in a hospital subject to the Emergency Medical Treatment and Active Labor Act requirements may be required to serve patients regardless of insurance coverage.
