Thanks to accounting that would make Enron blush, Americas insolvency goes far beyond what our leaders are disclosing. How did this happen In The Clash of Generations, experts Laurence Kotlikoff and Scott Burns document our six-decade, off-balance-sheet, unsustainable financing scheme. They explain how we have balanced our longer lives on the backs of our (relatively few) children. At the same time, we've been on a consumption spree, saving and investing less than nothing. And thats not to mention the evisceration of the middle class and a financial system that has proven it cant be trusted. Kotlikoff and Burns outline grassroots strategies for saving ourselves--and especially our children--from what could be a truly catastrophic financial collapse. Of course, we won't be doing all this just for ourselves. We need to fix Americas fiscal mess before our kids inherit it. 275 pp. Englisch.
