## Very Public Data

By Matthew Eberz

Authorhouse. Paperback. Book Condition: New. Paperback. 352 pages. Major Sam Call, now retired from the United States Army, has become full-time partners in an investigation firm with his friend, David Lytle. David was instrumental in helping Sam uncover the identity of a former German POW who had escaped from a World War II POW camp at Fort Sheridan, and in doing so partially solved a war crime that had remained hidden for forty-five years, and also bring home a soldier who had been lost since 1945. Now in the civilian world, Sam Call, in his new role as investigator, is sent to investigate the financial dealings of a Public Records company. IdentityPoint is a major player in the relatively new world of computerized public records that has grown from a small warehouse of insurance information to the largest provider of public records data in the United States. IdentityPoint provides government, private companies, as well as individuals with reports on individual personal data including: names, aliases, address history, relatives, property ownership, dates of birth, death, marriage, divorce, and social security numbers. If a client wanted to know the ins and out of an individual, IdentityPoint could provide the report that would...
